I. PURPOSE
   To specify the graduation requirements for electives for students.

II. POLICY
   The number of elective weeks required for graduation is 34 weeks (1326 hours). Of the 34 weeks:
   
   • At least 26 weeks (1014 hours) must be taken with Johns Hopkins University School of Medicine faculty.
   • At least 10 weeks (390 hours) must be clinical electives

   For students matriculating prior to Fall 2024:

   The number of elective weeks required for graduation is 24.5 weeks (955 hours). Of the 24.5 weeks:

   • At least 15.5 weeks (605 hours) must be taken with Johns Hopkins University School of Medicine faculty.
   • A maximum of 18 weeks (702 hours) of research electives maybe counted towards the elective requirement.
