I. USMLE STEP 1

Students studying for the USMLE Step 1 examination who are not enrolled in a full-time course at the School of Medicine will be required to register for independent study for up to one full quarter (nine weeks). A student may petition the Office of Medical Student Affairs for an extension of their independent study for additional time if significant personal or family circumstances impact their study time. Students choosing to study longer will be placed on a leave of absence from the medical curriculum.

II. USMLE STEP 2 CK (Clinical Knowledge)

Students studying for the USMLE Step 2 CK examination who are not enrolled in a full-time course at the School of Medicine will be required to register for independent study for up to one full quarter (nine weeks). A student may petition the Office of Medical Student Affairs for an extension of their independent study for additional time if significant personal or family circumstances impact their study time. Students choosing to study longer will be placed on a leave of absence from the medical curriculum.

III. GRADING

The independent study courses will be graded on a pass/fail basis in accordance with the student's ultimate passage or failure of the step examination following any needed remediation. Although academic credit will be awarded, this course will not count toward the elective credits required for graduation.
