I. PURPOSE

A. Attendance is required in all required clinical courses. This policy encompasses the following courses, hereafter referred to as required clinical courses:

A. Longitudinal Ambulatory Clerkship (LAC)
B. PRECEDE
C. Core Clerkships: Emergency Medicine, Medicine, Neurology, Women’s Health, Pediatrics, Psychiatry, and Surgery
D. Advanced Clerkships:
   a. Critical Care
   b. Ambulatory
   c. Subinternships required for graduation

II. POLICY

Attendance rules are governed by the School of Medicine in the following ways:

1. A. School Holidays

   1. The School of Medicine publishes an annual calendar that identifies official SOM holidays for students (http://www.hopkinsmedicine.org/som/students/academics/calendar.html). These holidays currently include the following:
      a. Labor Day (Quarter 1, 1 day)
      b. Thanksgiving (Quarter 2, 4 days [2 weekdays, 2 weekend days])
      c. Christmas and New Year (winter break)
      d. Martin Luther King Day (Quarter 3, 1 day)
      e. Spring Vacation (spring break)
      f. Memorial Day (Quarter 4, 1 day)
      g. Juneteenth (Summer Quarter, 1 day)
      h. Independence Day (Summer Quarter, 1 day)

   2. The holidays which occur during the required clinical course time generally fall on a Monday or Friday adjacent to a weekend. These weekend days adjacent to these weekday holidays are NOT considered official school holidays (with the exception of Thanksgiving) and required activities may be scheduled on those weekend days at the discretion of the course or clerkship director. University Commencement and Convocation are NOT considered holidays for required clinical course students. Similarly, election days, presidential inauguration, and other public or civic events are not considered holidays for students on required clinical clerkships.

B. Excused & Unexcused Absences

   1. There are no given ‘personal days’ allowed in a required clinical clerkship. Clarification on what qualifies as an excused and unexcused absence is as follows:

© Copyright 2021 by The Johns Hopkins Health System Corporation and/or The Johns Hopkins University
a. Residency Interviews  
   i. The following policy is to address the amount of time that fourth year students can miss from their required clinical courses for residency interviews. The goal is to ensure that students obtain sufficient experience in each of the core disciplines to meet the objectives of the Hopkins curriculum. Interview days should not be considered the equivalent of personal days. Students should make every effort to leave as late as possible and return as early as possible when interviewing to minimize time lost from a core clerkship.
   • On 8-week clerkships, students will be allowed to miss 3 full days of responsibilities as excused absences for interviews.
   • On 4-4.5-week clerkships, students will be allowed to miss 2 full days of responsibilities as excused absences for interviews.
   • Students must inform course directors of any such absences in advance of the beginning of the clerkship when possible. If students do not contact the course director in advance of any absences, they will be considered unexcused and will impact on the student’s final grade.
   • All students who miss more than the allowed days above will be required to develop a plan for making up missed days with the clerkship director. Such make-up time is a necessary requirement for successful graduation from the M.D. curriculum.

b. PRECEDE  
   i. Attendance at all sessions is required. Students must notify the course director prior to the first day of the clerkship (or earlier if possible) of any expected absence and notify them as soon as feasible in the case of emergencies.

c. Elective Coursework  
   i. Under no circumstances will elective coursework supersede required clinical clerkship activities.
   ii. Students will not be excused from required clinical clerkship duties to attend clinical elective courses (or similar activities, such as research electives), whether such electives are internal or external to Johns Hopkins SOM. This includes elective experiences requiring complex or expensive travel arrangements, such as those conducted overseas. It is the responsibility of the student to ensure that no such conflicts arise. Students should consult the SOM calendar and the Registrar’s office for official start and end dates for each required clinical clerkship.

d. Personal Reasons (including Religious Holidays)  
   i. Students must notify the clerkship director as early as possible before the start of the required clinical clerkship regarding any scheduled absence other than those described above and should expect that they will need to make up missed time. This includes (but is not limited to) any absence for religious holidays, academic events (e.g., presentations at national and scientific meetings, including within Johns Hopkins), and civic responsibilities (e.g., election day, jury duty). Although each clerkship director has discretion to allow or disallow such absences (except for jury duty and religious holidays, see below*) based on their potential impact on the educational experience, the general rule is “a day for a day” (i.e., each missed day will generally result in one additional day made up at a later time).
   ii. Clarifications for specific instances:
      • Since most family events (weddings, family reunions, etc.) are planned for weekends, most of these events could be attended with minimum time lost from the required clinical clerkship with advance planning. However, some personal events (e.g., graduations) typically occur on weekdays. Family events are excused only when the director has been notified at least 4 weeks
prior to the start of the required clinical course, and when students will not miss more than 3 days (8-week clerkship)/2 day (4-week clerkship) or any required activities that would be difficult to make up.

- Attending JHU School of Medicine Graduation is excused only if a family member or spouse is graduating.
- Attendance at a professional meeting for networking or professional development, or to accompany a family member, during a required clinical clerkship is not excused. Students who are funded by the Office of Medical Student Affairs or Office for Medical Student Diversity to attend national student association meetings should follow the 5-step process outlined by the Office for Medical Student Diversity.

iii. *University policy regarding religious holidays states, “Religious holidays are valid reasons to be excused from class. Students who must miss a class or an examination because of a religious holiday must inform the instructor as early as possible in order to be excused from class or to make up any work that is missed.”*

2. B. 1. e. Weather and Other Related Emergencies Within the Baltimore Area
   i. Weather-related policies are stipulated by the Johns Hopkins University and may be found at the URL below:
      - [http://webapps.jhu.edu/jhuniverse/administration/emergency_weather_security_information/policy_on_university_closings/index.cfm](http://webapps.jhu.edu/jhuniverse/administration/emergency_weather_security_information/policy_on_university_closings/index.cfm)
   ii. Weather emergencies are available at the phone numbers and website below, as well as on radio and TV broadcasts ([http://www.insidehopkinsmedicine.org/weather.pdf](http://www.insidehopkinsmedicine.org/weather.pdf)):
      - Baltimore 410-516-7781
      - Outside Baltimore 800-548-9004
      - URL: [http://webapps.jhu.edu/emergencynotices](http://webapps.jhu.edu/emergencynotices)
   iii. Core Clerkship students are not considered “Required Attendance Employees” and are excused from attendance at normally required clerkship activities if affected by circumstances (e.g., weather) related to University delays or closings. As necessary, make-up plans for missed clerkship activities (e.g., PRECEDE learning events or exams) will be made on a case-by-case basis by the Clerkship Director.

f. Weather and Other Related Emergencies Outside the Baltimore Area
   i. Students who travel during (e.g., on weekends) or in close temporal proximity to (e.g., just before) a required clinical clerkship may be delayed in their return travel plans by inclement weather, flight cancellations, or other similar events outside their control. In such circumstances, safety is the first priority. Once the student’s safety is assured, they should immediately notify people related to the clerkship, as appropriate (e.g., course or clerkship director or coordinator, clinical team or preceptor with whom they are rotating, etc.). Students will generally be required to make up any time or activities upon safe return or at a later date. Students should be advised, however, that extended or repeated travel-related absences will be considered unprofessional behavior and will likely result in grade reductions, failure, or disciplinary action.

g. Illness or Injury (Personal or Family)
   i. Illnesses or injuries are handled on a case-by-case basis by clerkship directors. In almost all cases, such events cannot be predicted in advance. When either occurs, the student’s first responsibility is to their own personal safety and the safety and well-being of those around them. Once the situation has stabilized sufficiently and it is safe to do so, a student should immediately notify people related
to the clerkship, as appropriate (e.g., clerkship director or coordinator, clinical team or preceptor with whom they are rotating, etc.). Family emergencies (including illness or death of a loved one) should be handled similarly. As necessary, remediation plans will be made on a case-by-case basis by the clerkship director.

h. Health Care Appointments
   i. Health care appointments should be scheduled to not conflict with required clerkship activities whenever possible but are excused if non-conflicting openings are filled. Students should review the schedule in OASIS prior to the start of a clerkship, reviewing the schedule for any conflicts with pre-scheduled doctor’s appointments, since schedules in OASIS may be updated in the weeks leading up to clerkship. Students should notify the clerkship director and coordinator of any schedule conflicts due to pre-scheduled health care appointments; students must send this notification prior to the day of the schedule conflict.

C. Making up missed time
   1. Time in clerkship activities missed due to any absences, even when excused, must be made up. When it is not feasible to reproduce a clinical or simulated experience, the clerkship director will approve an appropriate make-up activity. It is at the discretion of the course or clerkship director to establish a required make-up plan for the student, regardless of the reason for absence. Note that if a significant component of the educational experience is missed for any reason, it is at the course or clerkship director’s discretion to require completion of make up activities or reduce the student’s grade. In some cases, students may need to wait for the next available course or clerkship slot to make up time, potentially delaying promotion or graduation in some circumstances.

D. Consequences of Unexcused Absences
   1. Students who fail to attend required activities (e.g., required clerkship orientation and PRECEDE) without advance notice and are unable to offer a reasonable or appropriate justification (as judged by the clerkship director) may be subject to grade reductions, failure, or disciplinary action on grounds of lack of professionalism.
   2. Unexcused absences, including failure to notify clerkship directors about absences in a timely manner, and failure to remediate when remediation is offered, will impact the evaluation of students in the following ways: (1) referral of the student to the Student Assessment and Formational Committee, and (2) a statement attesting to the absence in the narrative evaluation that is forwarded to the Associate Dean of Student Affairs. This will generally result in grade reductions or failure of the required clinical clerkship for failing to meet the professionalism standard. In the case of clinical clerkships, if students plan to miss more than two days of a four-week clerkship or three days of an eight-week clerkship, or any required activities that would be difficult to make up, they should attempt to reschedule the clerkship. However, due to scheduling constraints within the clerkships, this may not be possible. If it is not possible to reschedule, students must comply with the make-up plan as outlined by the clerkship director.

E. Recourse for Students Who Feel They Have Been Treated Unfairly
   1. Any student who feels unfairly treated with regard to attendance policy should discuss these issues with the clerkship director. If a mutually agreeable decision is not reached, the student should contact the Office of Medical Student Affairs if they wish to pursue the matter further.
