I. PURPOSE

The components of evaluation in a course or clerkship should be transparent to the student and discussed at the start of the student’s experience. Grades are generated by the course/clerkship director. Should there be a disagreement about a grade in a course or clerkship, the student is to follow the guidelines below for grade appeals.

II. POLICY

1. The first stage of a grade appeals process will be a meeting between the student and the course/clerkship director. The course/clerkship director may also request any faculty preceptors involved in evaluating the student be present for this meeting. At that time, the student will have an opportunity to voice their concern(s) about the grade which they received. The course director will have the chance to review the criteria by which the final grade is determined and will be expected to answer any questions the student has. The course/clerkship director may elect to obtain additional information based upon what the student has said and will ultimately decide to maintain the original grade or submit an amended grade to the Registrar.

2. If dissatisfied with the results of the above, the student may appeal to the appropriate Grade Appeals Committee (Preclerkship or Clerkship) within 60 calendar days of the date the grade is posted by the Registrar’s Office by contacting the Office of the Vice Dean for Education. The student will be asked to provide information regarding the grounds for the grade appeal and will be expected to address the Committee. The student will be provided any response received from the director of the course/clerkship under appeal. The director will also be expected to address the Committee and they will not be allowed a vote in the matter. Both student and course/clerkship director will be excused for the period of debate and voting. After consideration, the Committee will advise the Vice Dean for Education of any changes merited. Two standards will be employed by the Committee in evaluating the appeal which could lead to a recommended amendment:
   1. if the grade is not found to reflect valid and consistent academic performance standards or criteria, or the considered academic judgment of the course director;
   2. if the grade is found to be based upon impermissible criteria beyond performance, achievement, and effort such as gender, race, age, or other factors as delineated in the Policy on Teacher Learner Relationships.

3. The student may appeal an adverse decision to the Dean of the Medical School by notifying them in writing within seven days of the decision. The Dean’s review will be limited to review of procedural integrity and his/her decision will be final.
